

Challenge #1: Goal

My website plan for Hestia's Cyber Space

1. Home
 - a brief introduction about me and my life.
 - links to the main sections of the website.
2. About
 - Contains detailed information about me.
 - My hobbies, my values in life, what I do in a day.
3. Gallery
 - Every picture in the gallery has a meaning behind why I took those pictures even if it looks random and out of nowhere.

Goals

1. Expression and Creativity: Share your thoughts, ideas, and creativity with a wider audience, using the blog as a platform for self-expression.
2. Skill Development: Hone your writing skills, digital marketing, and content creation abilities, transforming your blog into a space for continuous learning and improvement.
3. Portfolio Development: Create a comprehensive online portfolio, showcasing your work, achievements, and professional growth.
